Intelli Solutions S.A. (www.intelli-corp.com) Showcases Next-Generation KYC/KYB & Fraud Prevention Solutions at ICE Barcelona 2026

Summary

Barcelona, Spain – 26 January 2026

Intelli Solutions S.A. (INTELLI) a leading provider of KYC and KYB solutions, successfully unveiled the latest version of its SaaS platform at ICE Barcelona 2026, one of the world's most influential events for the gaming, fintech and digital payments industries. INTELLI - a member of Quest Group - is a leading digital transformation solutions provider, offering integrated cloud-based services in the Digital Economy sector. With more than 20 years of operation and a presence in over 20 countries across Europe, the Middle East and Africa, INTELLI supports leading organizations in highly regulated and customer-facing industries, including Financial Services, Fintech, Telecoms, Utilities, Insurance and Gambling.

During the three-day ICE event, INTELLI's booth attracted strong visitor traffic and generated significant interest from operators, platforms and technology partners. Attendees showed particular enthusiasm for the company's newly introduced **idbox™ Fraud Prevention** and **eIDAS2 Digital ID Wallet ("ID Wally™") solutions**, designed to help businesses combat identity fraud while delivering a seamless and secure user experience.

The newly launched SaaS version enhances INTELLI's core KYC/KYB capabilities with advanced fraud detection mechanisms, real-time risk assessment and a secure Digital ID Wallet. These features enable organizations to verify users and businesses more efficiently, reduce onboarding friction and meet evolving regulatory requirements across multiple jurisdictions.

"ICE Barcelona was the ideal stage to introduce the next evolution of our platform," said **Panos Gialelis, CEO** at INTELLI. *"The strong interest and high-quality discussions we had confirm that the market is actively looking for robust, scalable and user-centric solutions for identity verification and fraud prevention."*

The new Fraud Prevention and ID Digital Wallet solutions drew particular attention, as they allow end users to securely store and reuse verified identity credentials, significantly reducing repetitive checks while strengthening protection against impersonation, account takeover and document fraud.

Following the event, INTELLI is continuing conversations with prospective clients and partners across Europe and beyond, reinforcing its position as a trusted technology partner for compliance-driven and growth-oriented organizations.

ICE Barcelona 2026 marked another milestone in INTELLI's mission to redefine digital trust through innovative, compliant and future-ready identity solutions.
