INTELLI - GOLD AWARD FOR DIGITAL ON BOARDING

Athens, June 201 8. Intelli Solutions S.A. received the top award “**GOLD Impact BITE Award**”, for the product **DIGITAL ON BOARDING** in the category: Innovation and Extraversion, during the ceremony of the Business IT Excellence Awards 2018.

The award was about Intelli’s new software, SynChordia On Boarding™, which digitally transforms the entire activation process for a customer. The solution allows any company or organization (Banks, Insurance Companies, Telecoms, Energy Providers, Retailers, Shipping Companies, etc.) to directly build a digital stream of new client entry, enabling the registration process to be completed in just minutes through a computer or a mobile phone.

Intelli is a Greek company that has launched a major journey to the international business environment and has staffed six subsidiaries in the geographical region of Southeast Europe, North Africa and Middle East, with specialization in the area of Digital Transformation and has developed partnerships with leading organizations in the field of Financial Services and Telecommunications.
